Founder-Chairman

Dear Alumni,

Warm greetings. I hope your work is of satisfaction to you, and the learning you gained here at RMK serves you well.

A word that I often hear our Alumni relate to their experience with an RMK institution is 'Quality'; and I feel immense joy in knowing that RMK is, and will essentially be a vital part of life for anyone associated with us. And you will by now have known that building such institutions is no ordinary task, and we spare no effort to deliver holistically and only the best for the last two decades.

The Group has developed unparalleled, inherent strength of building institutions from the foundation up, offering buildings for learning, distinctive student facilities, sports facilities, hostels, gymnasiums etc. that stand to nurture the quality of life that is unique to RMK.

*With this proven potential and the blessings of all our patrons, our group has launched RMK constructions — a specialist residential buildings construction firm. We will soon be launching our first venture — **"RMK CHOLA GARDENS"** — a residential community in Chennai created with our distinct RMK values.*

RMK Chola Gardens is strategically placed in Thiruverkadu providing easy access to top MNCs, corporates, hospitals, schools & etc. Moreover, a fully functioning "RMK School" from our own group, with distinguished features & facilities is within the campus making complete education, just a walk away.

I welcome you, with this letter — my personal invitation to you, to visit the site, with your family and friends to experience the rare RMK quality reflecting in every aspect of the project. Along with a special offer exclusive to RMK fraternity.

Your visit will surely encourage you to explore an option of choosing your new 'quality' home in Chennai at the RMK Chola Gardens.

Yours Truthfully,
R. S. Munirathinam
